8. Main Content

Amending Decree 39/2008 of 21 February, approving the Regulation on amusement and gaming machines of the Autonomous Community of Galicia to bring it in line with the amendment made under Law 12/2011 of 26 December, on fiscal and administrative measures of the Autonomous Community of Galicia amending a number of provisions under Law 14/1985 of 23 October, governing games and betting in Galicia, with some of these amendments having a direct effect on the sector of amusement and gaming machines insofar as they represent a substantial change in their definition and characteristics.

The abovementioned Regulation will also include the new category of machines provided by law – the special Type-B machine – with updated requirements for the remaining types of machines in line with the abovementioned legal provisions. In addition, it contains one new addition which is the inclusion of legal provisions for special Type-A machines. This addition finalises a regulation that has been pending since the approval of the current Regulation on amusement and gaming machines and aims to allow the inclusion of these types of machines within the machine market in our Autonomous Community as they could not be sold beforehand because they lacked relevant regulation.

9. Brief Statement of Grounds

Harmonising the terminology between the regulation on amusement machines and the metrology standards, progressing towards the transparency and safety necessary for the functioning of amusement and gaming machines and simplifying procedures for interested parties in accordance with the procedural developments led by all the public authorities.
