5. Title

Draft Ministerial Order amending supplementary technical
specifications MI-IF002, MI-IF004 and MI-IF009 of the Safety
Regulation governing refrigeration plants and installations.

6. Products Concerned

Refrigerants for refrigeration installations.

7. Notification Under Another Act

-

8. Main Content

This concerns the authorisation of four new refrigerants,
type IICFC, HFC and the mixtures thereof the properties of
which have been duly checked by international bodies.

9. Brief Statement of Grounds

Supplementary specification MI-IF02 of the Regulation on
refrigeration installations establishes a list of authorised

refrigerants. Many of these refrigerants are substances which deplete the ozone layer and their production has been banned since 1 January 1995.

The emergence of new refrigerants, whose properties have been duly checked by international bodies, necessitates their inclusion in the corresponding ITC tables if they are to be authorised, since they are restrictive in nature and must be modified expressly.
