4. Notification Number

94/0295/UK

5. Title

designation under section 22(6) of a standard specifying technical requirements for terminal equipment intended for connection to digital leased circuits of the public telecommunications network using ccitt recommendation x.21bis interfaces operating at data rates up to 64 kbit/s.

6. Products Concerned

terminal equipment intended for connection to digital leased circuits of the public telecommunications network using ccitt recommendation x.21bis interfaces operating at data rates up to 64 kbit/s.

7. Notification Under Another Act

-

8. Main Content

the document specifies physical and electrical requirements, consistent with articles 4(c) to 4(f) of directive 91/263/eec, for connection of the described terminal equipment to the uk public telecommunications network, irrespective of whether the equipment provides other interfaces, services or functions.

9. Brief Statement of Grounds

the notified document reduces the technical requirements in an earlier british standard to a level consistent with the essential requirements of directive 91/263/eec.

10. Reference Documents - Basic Texts
