8. Main Content

This order amends a pre-existing, generic order laying down the compulsory implementation of all the standards regarding fertilisers and growth mediums. It aims solely to supplement this list by adding supplement A2 to the standard NF U 44-001, which already appears in this list, as does its supplement A1.

9. Brief Statement of Grounds

For reasons of public health, standards relating to fertilisers and growth mediums are rendered compulsory.

This standard must therefore also be rendered compulsory.

This standard lays down the designations and specifications of two basic mineral amendments, one originating from the softening of water from boreholes and the other obtained during the manufacture of kraft paper pulp.

10. Reference Documents - Basic Texts

a) The basic texts are as follows:

The Customs Code, in particular Article 38 thereof;
