5. Title

Order amending the Order of 5 September 2003 laying down the compulsory implementation of standards

6. Products Concerned

Organic soil conditioners

7. Notification Under Another Act

-

8. Main Content

This inter-ministerial order is intended to make the implementation of an addendum to a standard on organic soil conditioners compulsory. This measure is a derogation from the marketing authorisation referred to in Article L225-2 of the French Rural and Sea Fisheries Code and set out in Article L225-5, point 1.

This draft is intended to make the implementation of addendum A2 to standard NF U 44-051 on organic soil conditioners compulsory: NF U 44-051/A2.– Organic soil conditioners – Designations, specifications and labelling. This standard sets out the designations, specifications and labelling of organic soil conditioners. It is aimed in particular at producers, users and official inspection bodies. This standard supplements the general standard revised in 2006 by introducing a designation (residues from sugar cane juice filtration) and limit values specific to La Réunion.

9. Brief Statement of Grounds

For public health reasons, the standards relating to fertilising substances (fertilisers, basic organic or mineral soil conditioners) and growth media shall be made compulsory. Standard NF U 44-051/A2 must therefore be made compulsory.
