**8. Main Content**

The notified text amends Articles 42c and 42e of the order  
dated 16 July 1954 on vehicle lighting and signalling,  
concerning additional rear signalling devices which were,  
until now, approved in accordance with the provisions of the  
order dated 20 December 1977, also giving the possibility of  
equipping heavy goods vehicles with devices approved in  
accordance with the provisions of Regulation no. 70 from  
Geneva.

## **9. Brief Statement of Grounds**

By offering the possibility of fixing, on heavy goods vehicles, additional rear signalling devices which comply with the international provisions to which several European Union Member States adhere, the notified draft represents a first step in the quest for the harmonisation of regulations in this field.
