4. Notification Number

2006/0531/UK – C30A

5. Title

The Diseases of Animals (Approved Disinfectants) Order 2007.

6. Products Concerned

Disinfectants to be used in relation to the statutory control of animal disease in England.

7. Notification Under Another Act

-

8. Main Content

This Order will revoke the Diseases of Animals (Approved Disinfectants) Order 1978. The Diseases of Animals (Approved Disinfectants) Order 2007 will provide a list of approved disinfectants to be used in a notifiable animal disease outbreak.

9. Brief Statement of Grounds

EC animal health legislation requires that disinfectants used in connection with animal disease control procedures, and their concentrations, are authorised or officially approved. This is at present implemented in Great Britain by the Diseases of Animals (Approved Disinfectants) Order 1978 (as amended). The Diseases of Animals (Approved Disinfectants) England Order 2007 will ensure approved disinfectants meet Community requirements regulating the marketing of biocides; ensure approved disinfectants meet more stringent labelling requirements and health, safety and environmental regulations; remove the requirement to amend the list of approved disinfectants from the SI procedure. Instead, the list of approved disinfectants will be published on the Defra web site and reduce the time it takes to gain Defra approval from 8 to 4 months.

10. Reference Documents - Basic Texts

a) Consultation document (Defra is consulting with interested parties about changes to the legislation and mechanism for approving disinfectants).
