4. Notification Number

98/0589/F

5. Title

SP/ART/ST/NRT/07 : "Technical regulation applicable with a view to the conformity evaluation of low power low range radio equipment intended for radio video links functioning within the frequency band 2454 - 2483.5 MHz."

6. Products Concerned

The products in question are the low power low range radio equipment intended for radio video links functioning within the frequency band 2454 - 2483.5 MHz.

7. Notification Under Another Act

-

8.This technical regulation states the technical specifications and the test methods for low power low range radio equipment intended for radio video links functioning within the frequency band 2454 - 2483.5 MHz.

9.This draft implements European standard I-ETS 300 440 entitled "Radio equipment and systems: low power devices; functional

and technical specifications of radio systems intended for use within the frequency band 1 - 25 GHz".

The results of the tests performed in the laboratories designated by the other Member States, in conformance with article R20-18 of Decree no. 98 266 of 2 April 1998 on the evaluation of conformity of telecommunications terminal equipment and the connection conditions thereof, are recognised as valid.

10. Reference Documents - Basic Texts

This draft is based on standard I-ETS 300 440.

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency

-

13. Confidentiality

-

14. Fiscal measures
