MINISTERIO DE FOMENTO. SECRETARÍA GENERAL TÉCNICA.

4. Notification Number

2001/424/E - BOO

5. Title

Draft Royal Decree adopting the guidelines for the planning and execution of one-way structural concrete floor slabs manufactured using prefabricated components.

6. Products Concerned

Reinforced or pre-stressed prefabricated concrete joists, beam filling parts (ceramic, concrete or expanded polystyrene).

7. Notification Under Another Act

-

8. Main Content

The aim of the draft technical regulation is to adapt the current EF-96 guidelines to the structural concrete guidelines and to the new trends regarding structural analysis, limit states, durability, execution and control. The technical specifications required of products are generally drawn up on the basis of UNE-EN or UNE standards, where applicable.

The Spanish authorities are aware that where harmonised European standards derived from standardisation mandates exist, these shall replace the equivalent documents referred to in the text, and will adopt the measures necessary for this.

The mutual recognition clause is contained in Article 1.

9. Brief Statement of Grounds

Update the current guidelines to adapt them to the structural concrete guidelines.

10. Reference Documents - Basic Texts

Structural concrete guidelines (EHE) approved by Royal Decree 2661/98 (Notification No 98/232/E). EF-96 guidelines for the planning and execution of one-way reinforced or pre-stressed concrete floor slabs, approved by Royal Decree 2608/96 (Notification No 96/66/E).

11. Invocation of the Emergency Procedure

No.

12. Grounds for the Emergency

-

13. Confidentiality

No.

14. Fiscal measures

No.
