4. Notification Number

97/0261/F

5. Title

Decree relating to the output and equipment of boilers with a
power rating of between 400 kW and 50 MW.

6. Products Concerned

Boilers with a power rating of between 400 kW and 50 MW.

7. Notification Under Another Act

-

8. Main Content

The draft concerns the obligation placed on the boiler
operator:

- to observe a minimum characteristic output value which
varies according to age, power rating and the fuel used.
- to possess a certain number of inspection appliances

necessary to measure the characteristic output and ensure proper boiler operation.

- to update a boiler room notebook containing the output measurement results as well as that information enabling the energy efficiency of the boiler to be evaluated.

9. Brief Statement of Grounds

This text enforces the law of 30 December 1996 regarding air and sensible energy use. It updates the existing technical provisions which have become obsolete.

10. Reference Documents - Basic Texts

- law of 30 December 1996 regarding air and sensible energy use.
- orders of 5 February 1975 and 20 June 1975 which must be repealed.

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency
