8. Main Content

The SVA inspection manual is a non-statutory guide for testers on how to conduct the inspections. The "Annex" thereto lists the non-EU/ECE technical standards judged to be acceptable alternatives to the basic standards prescribed in Schedule 3 to the Motor Vehicles (Approval) Regulations 2001 as amended. "Annex 1" lists the acceptable alternatives to the enhanced standards in Schedule 4 to those Regulations. This Notification modifies the annexes to reflect developments since they were originally produced. (The Approval Regulations referred to above were the subject of Notifications 2000/519/UK and 2003/0276/UK).

The UK will fulfil its obligation under Article 12 of Directive 98/34/EC when these amendments to the manual are officially published.

9. Brief Statement of Grounds

To improve the efficiency of SVA inspections; evidence of compliance with any of the specified standards will obviate the need for inspection of the item(s) in question.
