7. Notification Under Another Act

- Regulation (EU) No 1169/2011 of the European Parliament and of the Council of 25 October 2011 on the provision of food information to consumers, amending Regulations (EC) No 1924/2006 and (EC) No 1925/2006 of the European Parliament and of the Council.

8. Main Content

Definitions relating to raw materials, products and manufacturing methods; banned practices; restrictions on the use of other ingredients; properties of the finished products; specifics on the food information provided to consumers; requirements for the sale and serving of beer from the barrel or other large formats; analytical methods.

9. Brief Statement of Grounds

The reality of the beer and malt drink market makes it necessary to update the food quality standards for these products, both in relation to the legal names of the various categories of beer and malt drinks, incorporating and regulating the new products that now exist on the market, and with regard to the production of these products in Spain.

The objectives of the standard are to:

Update the national regulations concerning the production and placement on the market of beers and malt drinks in view of the development of technological innovations, the evolution of the markets, and the change in consumer expectations.

Improve the competitiveness of the national beer and malt drink industry, ensure fair competition between producers and provide all producers with the same conditions.

Provide adequate consumer information, facilitating their right to choice in the purchase.

Simplify the current regulations, standardising, from the perspective of food quality, the national provisions on beer and malt drinks.
