5. Title

The Transport of Animals (Cleansing and Disinfection) Order
1997.

6. Products Concerned

This order regulates procedures for the cleansing and
disinfection of animal transport vehicles, vessels and
containers to avoid the spread of notifiable animal diseases.

7. Notification Under Another Act

-

8. Main Content

This order consolidates and simplifies existing legislative
measures concerning the cleansing and disinfection of animal
transport vehicles, vessels, containers etc into a single
order. These existing measures are currently contained in a
number of diverse animal health orders.

9. Brief Statement of Grounds

The current legislation requiring cleansing and disinfection
of transport vehicles is fragmented in a number of diverse
orders made under the Animal Health Act 1981 which is
difficult for both the industry which has to work with them
and those who have to enforce them. Many of these
requirements are in need of simplification and the
consolidation of the requirements in a single order will.
