This draft aims to bring Spanish legislation closer to the legislation of the other Member States, in particular with regard to definitions, names and acidity and humidity limits of these products. It also amends aspects relating to the shelf life of speciality breads.

9. Brief Statement of Grounds

The aim of this draft is to adapt Spanish legislation to the legislation of the other Member States of the European Union since there is a wide range of speciality breads which do not comply with their legislation and which are the result of technological advances which have altered industrial and commercial conditions.
