8. Main Content

The draft Regulations prescribe certain dry and liquid capacity measures for use for trade. The draft Regulations replace Parts III and IV of the Weights and Measures Regulations (Northern Ireland) 1967, (as amended) and cover all capacity measures other than -

(i) those for the purposes of measuring and serving intoxicating liquor for consumption on the premises at which it is sold, to which the Capacity Serving Measures (Intoxicating Liquor) Regulations (Northern Ireland) 1993 apply, or

(ii) those for use only for making up or checking packages (in accordance with Article 31(9) and (10)(a) of the Weights and Measures (Northern Ireland) Order 1981, which are specified in paragraph 4 of Schedule 4 to the Weights and Measures (Packaged Goods) Regulations (Northern Ireland) 1990, or

(iii) those which have previously contained a cosmetic product and are supplied by the customer for use in retail transactions in the same cosmetic product.

The draft Regulations apply to dispensing measures for pharmaceutical purposes with provision being made for testing by means of a peristaltic pump dispenser.

They also provide for acceptance of test results for measuring equipment imported from other Member States of the European Union or contracting parties to the European Economic Area Agreement.

These regulations were originally notified under

94/0208/UK but were subsequently withdrawn on 20/09/94
