5. Title

- Order amending the Order of 24 March 1978 regulating the
use of welding in the construction and repair of pressure
vessels.
- Scope of application

6. Products Concerned

All pressure equipment which is governed by French
regulations

7. Notification Under Another Act

No

8. Main Content

Withdrawal of approvals for steelworks, reference to European
standards to replace French standards and relaxation of
conflicting standards for steels conforming to foreign
standards.

Introduction of European standard EN 473 to replace standard NF A 09.010 for the certification of non destructive test inspectors.

Introduction of European standard EN 462 for radiogram image quality indicators.

9. Brief Statement of Grounds

The proposed amendment introduces European standards in place of French standards on the one hand and, on the other hand, relaxes the acceptance regulations for steels conforming to foreign standards.

It anticipates the future European Directive governing pressure equipment.
