#### 5. Title

Order on the design and inspection of hygrometers for cereal

seeds and oil seeds

////

## 6. Products Concerned

Hygrometers used in commercial transactions

## 7. Notification Under Another Act

-

## 8. Main Content

The text lays down the technical requirements to be met by hygrometers. It refers to a standard, but nevertheless specifies all of the maximum tolerable areas which apply to the various mandatory metrological inspection operations, which it also defines.

## 9. Brief Statement of Grounds

The text amends the procedures currently in force by applying the texts which it is intended to replace or repeal, account being taken of:

- the general provisions relating to the inspection of measuring instruments established by Decree No 88-682 of 6 May 1988,
- the potential of the state bodies responsible for inspection,
- IOLM International Recommendation No R 59

The maximum tolerated errors provided for in this draft correspond to the greater of the two following values:

- values currently in force in France,
- values specified by IOLM International Recommendation No R 59.

## 10. Reference Documents - Basic Texts

Decree No 88-682 of 6 May 1988 on the inspection of measuring instruments.,

Decree No 73-330 of 15 March 1973 (ceasing to have effect).

Annexes to the order of 7 May 1974 implementing the abovementioned decree (repealed).

Order of 5 August 1983 implementing the abovementioned decree (repealed)

////

IOLM International Recommendation No R 59

Standard NF v 03-731 'Cereals and oilseeds' - hygrometers - specifications-design and use

## 11. Invocation of the Emergency Procedure

No

## 12. Grounds for the Emergency
