8. Main Content

Amendment of Schedule 2 of the Producer Responsibility Obligations (Packaging Waste) 2007. The changes are increases to recovery target for 2008-2010 and changes to material specific targets for 2008-2010.

9. Brief Statement of Grounds

Existing UK business targets for 2008 (and published targets for subsequent years) need to be revised since they no longer achieve the Directive targets in 2008, as a result of changes to the underlying data. The UK needs to take account fluctuations in the level of obligated tonnage (when setting targets) that have been experienced in 2006 and 2007. They are expected to be brought within the scope of the Regulations from leased, licensor and pub operating companies. These changes are being made to enable the UK Government to have greater confidence that we will meet the Directive targets
