8. Main Content

The draft order is intended to make lawful the incorporation into fermented milk, yoghurt and fresh white cheese of flavourings that are identical to natural substances (as set out in List 'A' in the Fourth Edition of the Council of Europe's Blue Paper).

9. Brief Statement of Grounds

Hitherto neither Article 3 of Decree 88-1203 nor Article 7 of Decree 88-1206 permits the flavouring of milk products at issue other than by means of foodstuffs, spices or natural extracts. This draft order extends this option to flavourings that are identical to natural substances where it is known that the only ones authorized will be those covered by a full toxicological assessment (= List 'A') by the council of Europe's Panel of Experts.
