**5. Title**

Draft Order updating the general technical requirements for  
road- and bridge-works.

**6. Products Concerned**

Road markings, signs, placards, safety barriers and road  
lighting.

**7. Notification Under Another Act**

-

**8. Main Content**

The draft technical regulation is intended to update the  
articles on paints, glass microspheres, road markings and  
signs used in road indications and, at the same time, include  
other provisions on lighting and safety barriers in the  
general technical requirements for road- and bridge-works.

The technical specifications to which products must conform

are mostly established with reference to UNE-EN or UNE  
standards, where these exist.

The Spanish authorities are aware of the fact that where  
harmonised European standards resulting from standardisation

mandates exist they will replace the equivalent standards to which reference is made in the text, and will adopt the necessary measures to achieve this.

#### **9. Brief Statement of Grounds**

To update the above-mentioned articles which have not been revised since 1976, and to include other provisions on lighting and safety barriers.

#### **10. Reference Documents - Basic Texts**

General technical requirements for road- and bridge-works, approved by the Ministerial Order of 6 February 1976.

#### **11. Invocation of the Emergency Procedure**

No

#### **12. Grounds for the Emergency**
