5. Title

Protective surface treatments to be applied to motorway communications equipment frames and housings fabricated from aluminium or steel.

6. Products Concerned

None

7. Notification Under Another Act

-

8. Main Content

This document identifies the specific clauses of the relevant British Standards for protective surface treatments to be applied to motorway communications equipment frames and housings fabricated from aluminium or steel intended for use in the motorway environment.

9. Brief Statement of Grounds

The measure proposed is a purchasing specification prepared by the United Kingdom Department of Transport for use in its procurement contracts for products used in connection with roads. It does not lay down requirements for the placing of products on the UK market or for their use outside the contract concerned. The purpose of the measure is to ensure that the safety of the road user is not prejudiced and to make best use of public money.
