#### 2. Member State

France

#### 3. Department Responsible

Commission for Standardization,  
32, Rue Guersant - 75017 Paris  
SGCI - 216, Rue de l'Universite - 75700 Paris

### 3. Originating Department

Minister for Economic Affairs, Finance and the Budget,  
Directorate-General for Competition, Consumption and the  
Fight Against Fraud- 13, Rue Saint-Georges-75009 Paris

### 4. Notification Number

90/0097/F  
////

### 5. Title

Draft Order on the use of disodic phosphate in sterilized  
goat's milk.

### 6. Products Concerned

Goat's milk subjected to a thermal sterilization treatment.

### 7. Notification Under Another Act

-

### 8. Main Content

Authorization for the use of disodic phosphate (E339ii) in  
sterilized goat's milk at a maximum content of 2grams per  
litre of goat's milk.

### 9. Brief Statement of Grounds

The national regulations lay down the principle of banning  
the addition of chemical products other than those declared  
lawful by interministerial orders to foodstuffs and beverages  
intended for human consumption.

Disodic phosphate stabilizes heat-treated goat's milk, thus  
enabling it to be sterilized.

### 10. Reference Documents - Basic Texts

Order of 21November1980 on the laying down of specific  
purity criteria for anti-oxygen agents and substances  
boosting the effect of those which can be used in foodstuffs  
intended for human consumption.

### 11. Invocation of the Emergency Procedure

No

### 12. Grounds for the Emergency
