5. Title

Decree amending Article R.111-14 of the Construction and Habitation Code

6. Products Concerned

This draft concerns the installation of very high-speed fibre-optic electronic communication lines in new buildings.

7. Notification Under Another Act

-

8. Main Content

The draft decree submitted requires clients to install, in specific geographical areas and for a specific building type, four fibres per dwelling or professional premises.

9. Brief Statement of Grounds

The provision currently requires the installation of a single fibre per dwelling for new buildings, throughout the country. Article R. 111-14 of the Construction and Habitation Code therefore needs to be amended to include the obligation for the client to install four fibres per dwelling in very dense areas (as defined by the French Telecommunications and Posts Regulator ARCEP) and for buildings containing more than twelve dwellings or professional premises.

10. Reference Documents - Basic Texts

Reference texts: Article L.111-5-1 of the Building and Habitation Code.
