#### **8. Main Content**

The Order shall be enacted pursuant to Article 2 of Decree No 2010-112 of 2 February 2010, enacted pursuant to Articles 9, 10 and 12 of Ordinance No 2005-1516 of 8 December 2005 on electronic interactions between public services users and administrative authorities and between the administrative authorities.

This draft Order shall repeal and replace the Order of 6 May 2010 approving the General Security Framework and specifying the implementation procedures for the electronic certificate validation procedure.

The draft General Security Framework annexed to the Order shall establish the security rules which the administrative authorities must adhere to when making use of security products and trustworthy service providers.

Furthermore, the General Security Framework shall refer back to technical documents which have not been enclosed with this notification on account of their volume, but which are available online at the addresses indicated in this framework.

Keywords: General Security Framework, security products, trustworthy service providers, security functions, qualification, referencing.

#### **9. Brief Statement of Grounds**

The goal of this General Security Framework is to increase the level of security in the electronic interactions of administrative authorities when they handle sensitive data, especially users' personal data. Updating this General Security Framework will make it possible to continue to harmonise administrative authorities' levels of security and thus facilitating secure interactions between these authorities. In addition, such a framework will contribute to the emergence of a range of security products and trustworthy services.

This update will also make it possible to adapt the framework to new security issues, adjust certain rules, and more efficiently take into account questions regarding interoperability via the referencing process provided for under Article 24 of Decree No 2010-112.
