5. Title

Order of ... on the General Security Framework

6. Products Concerned

Security products and trustworthy service providers used for the protection of electronic interactions between public services users and administrative authorities and between administrative authorities

7. Notification Under Another Act

-

8. Main Content

The Order is made in implementation of Article 2 of the draft Decree on the implementation of Articles 9, 10 and 12 of Ordinance No 2005-1516 of 8 December 2005 on the security of electronic interactions. This draft Decree has itself been notified under Directive 98/34/EC under reference 2008/453/F. This Order approves the general security framework provided for in Article 2 of the aforementioned draft Decree. This framework establishes the security rules that administrative authorities must respect when they have recourse to security products and trustworthy service providers.

Keywords: general security framework, security products, trustworthy service providers, security functions, qualification, cataloguing.

9. Brief Statement of Grounds

The objective sought by this general security framework is to increase the level of security of the electronic interactions of administrative authorities when processing sensitive data, particularly the personal data of users. The establishment of a general security framework will make it possible to harmonise the levels of security of administrative authorities and will thus facilitate secure interactions between such authorities. Moreover, such a framework will act as a guide for product developers and service providers and will allow the emergence of a range of security products and trustworthy service providers.

10. Reference Documents - Basic Texts

The basic texts are those mentioned in the endorsements of the Order, in particular Ordinance No 2005-1516 of 8 December 2005 and the draft Decree (notified under reference 2008/453/F) implementing Articles 9, 10 and 12 of Ordinance No 2005-1516 of 8 December 2005.

In addition, the general security framework, appended to this Order, refers back to technical documents which were not appended to this Notification owing to their volume but which are available on the Internet at the addresses given in this framework.
