#### **8. Main Content**

The draft Order is issued pursuant to the Decree of 30 January 2012 on placing truffles and foodstuffs containing them on the market, notified to the Commission on 27 May 2011 (notification No 2011/257/F). The draft Order establishes a correspondence between the common and scientific Latin names of truffles, for the purposes of application of Decree No 2012-129 of 30 January 2012.

#### **9. Brief Statement of Grounds**

The Decree on the basis of which this Order is issued refers to truffles marketed fresh to the final consumer (Article 3), indicating in Article 5 that the names of truffles in their fresh state shall include the common name of the species of truffle, accompanied by the scientific Latin name. The Order establishes a correspondence between the scientific Latin names of truffles and their common names. In addition, it introduces the sales description "Broken winter truffles or Winter truffle peel" in reference to mixtures of truffle peel or broken truffles from a maximum of two species. Since *tuber melanosporum* and *tuber brumale* truffles are often harvested together, the peels and broken pieces of the two species are frequently combined.
