The draft aims to lay down the basic conditions for accessibility and non-discrimination, required in train, sea, air, road, urban and suburban bus, metropolitan train, taxi and special transport to enable accessibility and non-discrimination in the use of said means of transport for people with disabilities.

9. Brief Statement of Grounds

People with disabilities have the same rights as other citizens and in order to achieve this equality, the right not to be discriminated against must be complemented by the right to receive support and assistance.

Non-accessibility of places, goods and services constitutes, without a doubt, a subtle form of indirect discrimination. This draft will ensure and implement the right to equal opportunities for these people.
