## 5. Title

Draft Order relating to technical regulations on the design and operation for the connection to public distribution networks of electricity generating installations.

## 6. Products Concerned

electricity

## 7. Notification Under Another Act

-

## 8. Main Content

This Order lays down technical regulations for the design and the operation of electricity generating installations in view of their connection to HV category A or LV public distribution networks. The draft supplements the provisions of the Decree on general technical regulations on design and operation with which the installations must comply concerning their connection to public distribution networks.

## 9. Brief Statement of Grounds

Law No 2000-108 of 10 February 2000 lays down free access for users to public networks for the transport and distribution of electricity insofar as connection of their installations does not compromise the security of the operation of the network. Article 18 of this Law lays down that the technical conditions for the connection to public distribution networks shall be laid down by decree. This Draft Order gives specific details for the general regulations, for generating installations, laid down by the Decree.

## 10. Reference Documents - Basic Texts

Law No 2000-108 of 10 February 2000 on the modernisation and the development of the public electricity service.

## 11. Invocation of the Emergency Procedure

No

## 12. Grounds for the Emergency
