8. Main Content

The draft Regulations will amend the Weights and Measures (Prescribed Stamp) Regulations (Northern Ireland) 1969 to prescribe the stamp for the stamping of weighing and measuring equipment which has been passed as fit for use for trade for use by any person (not only inspectors of weights and measures) authorised to stamp such equipment by or under Article 9 of the Weights and Measures (Northern Ireland) Order 1981. Additionally, these Regulations change the stamp prescribed for use in the stamping of a measure made of plastic. Recognition of equivalent standards and testing does not appear to be applicable.

9. Brief Statement of Grounds

The draft Regulations are consequential to the introduction of the Weights and Measures (Amendment) Act (Northern Ireland) 2000. This Act introduced three deregulatory measures and amended the said 1981 Order to permit, amongst other things, approved manufacturers, installers and repairers to conduct their own testing, passing and stamping (verification) of weighing or measuring equipment as fit for use for trade.
