5. Title

The Fertilisers (Mammalian Meat and Bone Meal) (Amendment) Regulations 1996.

6. Products Concerned

Mammalian meat and bone meal in agricultural fertiliser.

7. Notification Under Another Act

Not applicable

8. Main Content

The Draft Regulations amend the Fertilisers (Mammalian Meat and Bone Meal) Regulations 1996, by replacing the definition of mammalian meat and bone meal (MBM) in those Regulations with a definition which is more precise. This improved definition is used in the Bovine Spongiform Encephalopathy Order 1996 and the amendment here ensures consistency between the two provisions.

Recognition of equivalent standards and testing in notified draft is not provided as it is not applicable in this case.

9. Brief Statement of Grounds

The Spongiform Encephalopathy Advisory Committee (SEAC) advised on the measures needed to minimise any theoretical risk to the public from BSE. The proposed amendment provides for a more precise definition of MBM, which widens the scope of the material caught by the definition, although only marginally.
