Département du gaz et des appareils à pression - 22 rue Monge - 75005 Paris

4. Notification Number

94/0244/F

5. Title

Draft order relating to the supply of gas to some devices installed inside domestic buildings and their appurtenances.

6. Products Concerned

Control valves of gas supply pipes connected to cooking devices.

7. Notification Under Another Act

-

8. Main Content

Formalizing of the provisions laid down by articles 10 and 11 of the amended order of 2 August 1977 relating to the technical and safety regulations applicable to combustible gas and liquified hydrocarbons equipment located inside domestic buildings or their appurtenances.

9. Brief Statement of Grounds

This order provides for the following, subject to different deadlines:

- the mandatory fitting, in new gas equipment, of valves comprising a built-in release mechanism,
- the mandatory fitting, in LPG cylinders, of a pressure reducing device comprising a built-in release mechanism,
- the mandatory use of hoses with mechanical connector

instead of flexible rubber pipes,

- the use, during the transitional period, of clamping collars when fitting flexible rubber pipes.

It should be noted that the present draft order is implemented in application of the order of 2 August 1977 and the order of 22 October 1980 which are currently being amended in order to extend the scope of their mutual recognition clause to the Member States of the European Union and the other States which are party to the Agreement on the European Economic Area.

This clause has therefore not been included in the present draft order in view of its immediate applicability.

10. Reference Documents - Basic Texts

Amended order of 2 August 1977.

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency
