4. Notification Number

2005/0508/E - COOP

5. Title

Draft Decree regulating health and hygiene conditions in establishments in which tattooing, micropigmentation, piercing or other similar body art techniques are carried out

6. Products Concerned

Tattooing, micropigmentation, piercing or other similar body art techniques in non-medical establishments.

7. Notification Under Another Act

-

8. Main Content

This Decree lays down the health standards which must be met by non-medical establishments carrying out tattooing, micropigmentation, piercing and other similar body art techniques, the condition of the premises, equipment, instruments and products therefor, personal and collective hygiene and protection standards, user information and protection, the training of staff employing such techniques, the authorisation, registration and inspection system, and the penalty system for activities not complying with the content of the standard.

9. Brief Statement of Grounds

The proliferation of non-medical establishments carrying out tattooing, piercing and other similar body art techniques, as well as the possible health risks to persons which could result therefrom in the form of the transmission of diseases and contagions, make necessary the regulation of a system for the functioning and operation of the abovementioned activities, as well as the training of professionals carrying out such techniques.
