8. Main Content

The Design Manual for Roads and Bridges is the basis of the documentation used by Highways England for new works and maintenance on the UK Strategic Trunk Road Network.

General requirements that the Highways Agency requires its motorway display equipment to meet, including Quality, Environmental, Hardware Design, Electrical, Software/Firmware, Safety, Reliability, Installation, Maintenance and Disposal Requirements.

9. Brief Statement of Grounds

The use of these documents is mandatory for all trunk roads, including motorways, in England. Other UK Overseeing Departments incorporate certain amendments to take account of local conditions.

This document replaces and enhances the existing specifications to align them with the requirements of the Construction Products Regulations (305/2011)) and the Construction Products Regulations 2013 with respect to design, delivery and introduction into service of motorway technology equipment.
