90/0167/E

5. Title

Ministerial Order approving microbiological standards, limits for heavy metal content and analytical methods of heavy metal detection for fishery and aquaculture products.

6. Products Concerned

Fishery and aquaculture products.

////

7. Notification Under Another Act

-

8. Main Content

This draft establishes microbiological standards for various fishery and aquaculture products by group, presentation, whether they are fresh or frozen, and according to processing: preserved, smoked, salted or similar, and fixes limits for heavy metal content and appropriate analytical methods of determining the latter.

9. Brief Statement of Grounds

Under the terms of Article 24 of Royal Decree 1521/84 of 1 August adopting the pure food regulations regarding fisheries and aquaculture establishments and products intended for human consumption the microbiological standards, biochemical specifications and heavy metal tolerance of these products must be determined by the Under-Secretariat for Health and Consumer Affairs, following a mandatory report from the Interministerial Committee on foodstuffs regulations.
