**4. Notification Number**

92/0332/F

**5. Title**

Technical features and test conditions for radioelectrical equipment equipped with an internal or external aerial connection and principally intended for analogue transmission of speech.

**6. Products Concerned**

The products in question are radiotelephonic equipment used in independent networks and working on frequencies between 30 and 1000 MHz.

**7. Notification Under Another Act**

-

**8. Main Content**

Technical approval regulation dealing with the minimum characteristics to be met by certain items of radiotelephonic equipment.

**9. Brief Statement of Grounds**

This technical regulation will replace the specification SP/DRG/R.RS/11 within two years.

Otherwise the results of tests carried out in laboratories designated by the other Member States, are accepted in accordance with Article R20-18 of Decree No: 92116 of 4 February 1992 relating to telecommunications terminal equipment, their connection conditions and acceptance of installers.
