4. Notification Number

2012/0556/E - B00

5. Title

Order FOM/XXX/2012 of, amending certain basic documents of the Technical Building Code, approved by Royal Decree 314/2006 of 17 March.

6. Products Concerned

Construction products incorporated into buildings and which under Part I of the Technical Building Code, approved by Royal Decree 314/2006 of March 17, must comply with all the requirements arising from the application of Directive 89/106/EEC on construction products and must, where applicable, bear the corresponding EC mark.

7. Notification Under Another Act

Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (CPD).

8. Main Content

Modification and updating of the specific technical conditions of the basic documents in force of the Technical Building Code (CTE).

In particular, the Basic Document "DB SE-A Seguridad estructural. Acero" (Structural safety. Steel) will be fully adapted and become the "Instrucción de Acero Estructural (EAE)" (Structural Steel Code) envisaged in the introduction of Royal Decree 751/2011 of 27 May, approving this code. In this way, the basic document in force will be entirely replaced by a new text, whose scope of application is limited to conventional steel building structures and whose content is adapted to the EAE, which is of a more general nature, providing solutions that are completely coherent with it.

9. Brief Statement of Grounds

In the implementation of the Technical Building Code (CTE), the need to make certain modifications to the Technical Building Code has been noted for the purpose of making its application clearer and more precise, as well as to adapt it to the advances in knowledge and technical progress, as instructed by Law 38/1999 of 5 November on building regulations. Criteria must also be incorporated into the CTE to improve its application to works on existing buildings in general, with particular attention to its application to renovation works.

10. Reference Documents - Basic Texts

References to basic texts: - Royal Decree 314/2006 of 17 March, approving the Technical Building Code.

- Royal Decree 1371/2007 of 19 October, approving the basic document "DB-HR Protection against noise" of the Technical Building Code and amending Royal Decree 314/2006 of March 17, approving the Technical Building Code.

- Royal Decree 173/2010 of 19 February, amending the Technical Building Code, approved by Royal Decree 314/2006 of 17 March, on accessibility and non-discrimination of people with disabilities (Notice reference 2009/489/E).

The basic texts were forwarded with an earlier notification: 2004/020/E: 2006/367/E

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency

-

13. Confidentiality

No

14. Fiscal measures

No

15. Impact assessment

Yes

16. TBT and SPS aspects

TBT aspect

No - The draft has no significant impact on international trade.

SPS aspect

No - The draft is not a sanitary or phytosanitary measure
