2000/0073/UK

5. Title

Weighing Equipment (Beltweighers) Regulations 2000

6. Products Concerned

Single-speed and multi-speed beltweighers used for trade.

7. Notification Under Another Act

-

8. Main Content

The proposed Regulations replace the Weighing Equipment (beltweighers) Regulations 1983. The proposed Regulations will make it unlawful to use beltweighers for trade unless they meet the requirement of the proposed Regulations, which provide for the purposes for which beltweighers can be used for trade, the principles of their construction and marking, their testing, passing as fit for use for trade, stamping and obliteration of the stamp, and their prescribed limits of error. The proposed Regulations will also permit the importing of beltweighers from other EU and EEA countries without the need for further testing in the UK, provided that they are accompanied by adequate documentation. They also permit testing to be carried out at a place other than the intended place of use.

The UK will fulfil its obligation under Article 12 of Directive 98/34/EC (as amended) when these Regulations are officially published.

9. Brief Statement of Grounds

The proposed Regulations will enable the UK to meet its international obligation to implement the requirements of Recommendation R 50 of the International Organisation of Legal Metrology (OIML), entitled 'Continuous totalizing automatic weighing instruments (beltweighers)' Parts 1 and 2. The proposed Regulations will also help the UK to meet its obligation to EU and EEA countries for mutual recognition of test results.
