4. Notification Number

2017/0190/E - T40T

5. Title

Royal Decree regulating the direct granting of aid for the purchase of vehicles powered by alternative energy sources and for the installation of electric vehicle charging stations in 2017 (MOVEA Plan 2017)

6. Products Concerned

Encouraging the purchase of the following types of vehicles:

- Passenger cars
- Vans
- Trucks
- Buses
- Coaches
- Lorries
- Motorcycles

Powered by any of the following alternative energy sources:

- Electricity
- Liquid petroleum gas (LPG)
- Compressed natural gas (CNG) or liquefied natural gas (LNG)
- Fuel cells

Encouraging the installation of electric vehicle charging stations in public areas.

7. Notification Under Another Act

-

8. Main Content

The purpose of this decree is to regulate the procedure for the direct granting of subsidies under the incentive plan entitled 'Mobility using vehicles powered by alternative energy sources' [Movilidad con Vehículos de Energías Alternativas – MOVEA], which involves encouraging the purchase in Spain of vehicles powered by alternative energy sources instead of conventional fuels, and for the granting of aid to install electric vehicle charging stations in public areas in Spain, thereby promoting sustainability within the transport sector, reducing CO2 emissions and other pollutants, mitigating climate change and improving air quality, as well as diversifying energy sources in transport and reducing energy dependency on oil.

To this end, the subsidies referred to in this decree shall be granted for the purchase in Spain of vehicles powered by alternative energies (electricity, fuel cells, LPG, CNG, LNG) and for the installation of electric vehicle charging stations in public areas.

9. Brief Statement of Grounds

It is considered necessary to notify the European Commission of the draft Royal Decree regulating the direct granting of aid for the purchase of vehicles powered by alternative energy sources and for the installation of electric vehicle charging stations in 2017 (MOVEA Plan 2017), since it is a financial measure considered as a de facto technical regulation, and is included under the definition for 'technical regulation' in Article 1(f) of Directive (EU) 2015/1535 of the European Parliament and of the Council of 9 September 2015 laying down a procedure for the provision of information in the field of technical regulations and of rules on Information Society services (formerly Directive 98/34/EC). Since it is considered a financial measure, it is exempt from meeting the three-month standstill period referred to in Article 6(1) of said Directive.

10. Reference Documents - Basic Texts

Reference(s) to basic text(s): Royal Decree 1078/2015 of 27 November 2015 regulating the direct granting of aid for the purchase of vehicles powered by alternative energy sources and for the installation of electric vehicle charging stations in 2016 (MOVEA Plan 2016)

The basic texts were forwarded with an earlier notification: 2015/0610/E

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency

-

13. Confidentiality

No

14. Fiscal measures

Yes

15. Impact assessment

-

16. TBT and SPS aspects

TBT aspect

No - the draft has no significant impact on international trade.

SPS aspect

No - the draft is neither a sanitary nor phytosanitary measure.
