### 8. Main Content

The draft refers to the amendment of an already-notified Order in order to remove the requirement of annexed rooms for the practice of the game and adjusting the minimum prize return rate from 80 % to 70 %.

### 9. Brief Statement of Grounds

The current economic circumstances affecting the gaming industry, and more specifically the subsector of bingo in Andalusia, suggest it would be beneficial to amend the regulation on the distribution of authorised bingo room establishments in Andalusia.

The current regulation requires that electronic bingo be played in a room annexed to the main gaming room. The significant investment required to purchase the necessary technological equipment for this type of gaming, as well as the necessary remodelling of interior establishments, have made it impossible to implement this type of game.

For the reasons expressed, it is considered appropriate to amend the current regulation and that gaming undertakings themselves determine which areas inside their establishments are the best suited to carry out the game of electronic bingo.
