8. Main Content

Introduces into French regulations the provisions relating to the third stop light and stipulates the conditions with which the fitting of these lights on vehicles must comply.

9. Brief Statement of Grounds

The text presented aims to authorize in France, following the example of Germany, the installation on vehicles of a third stop light which shall become obligatory, in 1996, within the framework of the European Community.

This measure has also just been adopted by the United Nations Economic Commission for Europe in Geneva, with the support of the Community.
