8. Main Content

In accordance with Directive 1999/5/EC the interface document contains the requirements for Licensed GSM base station transmitters and licence exempt GSM handsets. It gives a high level description of how the spectrum in the UK is used and stipulates the necessary equipment parameters for mobile communications services onboard vessels in the UK.

9. Brief Statement of Grounds

The interface requirement is made for reasons related to the effective and appropriate use of the radio spectrum, in particular maximising spectrum utilisation. The Interface Requirement is mandatory under Directive 1999/5/EC.

This interface document transpose the technical requirements of 1.7 Commission Decision of 19 March 2010 on harmonised conditions of use of radio spectrum for mobile communication services on board vessels (MCV Services) in the European Union (2010/166/EU).
