4. Notification Number

2012/0644/UK - B00

5. Title

Secretary of State's Standards for the Design and Construction of New Gravity Foul Sewers and Lateral Drains

6. Products Concerned

Standards for the design and construction of gravity foul sewers and lateral drains intended for adoption as part of the public sewage system in those parts of England and Wales served by water and sewerage undertakers whose areas are wholly or mainly in England in accordance with Section 106B of the Water Industry Act 1991.

7. Notification Under Another Act

-

8. Main Content

The document contains standards for the design and construction of gravity foul sewers and lateral drains intended for adoption as part of the public sewage system.

9. Brief Statement of Grounds

Section 106B of the Water Industry Act 1991 provides that the right to communicate with the public sewage system is conditional upon an agreement for adoption being in place. Such agreements are provided for in section 104 of the Act.

These standards for the design and construction of gravity foul sewers and lateral drains are relevant to adoption agreements that relate to those parts of England and Wales that are served by water and sewage undertakers whose areas are wholly or mainly in England.

10. Reference Documents - Basic Texts

References of the Basic Texts: Flood and Water Management Act 2010 (Section 42 refers)
Secretary of State's draft new build standards

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency
